Guidelines For Abstract Submission

Abstract must be in MS Word, Times New Roman, Font size 12 with double line spacing & to be submitted at www.forensicmedicon2020.com/abstract. The abstract should not exceed 200 words. (Excluding title, author & institutional affiliations)

Type of Presentation: Podium or Poster

Title: Should be clear & precise in bold with first letter of each word in capitals.

Author's names and affiliation: Should follow immediately under the title in one line, name of the presenting author being underlined followed by institutional affiliations (name of the institute & city) and e-mail address of the presenting author. Don’t include degrees, designations & any other information. All original research presenters should submit Institutional ethics committee approval letter.

Contents: Should be structured under the following headings - objectives, methodology, results, conclusion & 3-5 keywords. References, tables, graphs or pictures are not to be included in the abstract. Significant results have to be written in the abstract. Use of standard abbreviations is desirable.

Podium Presentation: Only Power Point presentations will be allowed. The time limit for oral presentation will be 6 minutes followed by discussion for 2 minutes.

Poster Presentation: Size of the poster should not exceed 3(w)x4(h) feet

Last date of submission is 30 November 2019.

All abstracts will be reviewed and presenting authors will be informed by e-mail regarding acceptance & submission of presentation by email. Scientific committee retains the right to select the scientific papers for podium or poster presentation. Presenters should also bring their presentation in a CD or pen drive in a compatible format (.ppt or .pptx)

Best Oral and Poster presentation in the three different categories (Faculty, PG and UG students) will be duly recognized.

Scottish Travel Prize for PGs in Forensic Medicine by IAFM will be awarded for Best Oral Presentation (Original research/Case presentation). To be eligible for the prize, the PG must be a life member of IAFM and should mention ‘For award session’ with life membership number along with the full presentation. A maximum of 20 papers will be included for presentation and the decision of Judges will be final.

PG CME Topics on 29/01/2020
- Histopathology in crime investigation
- Analytical Toxicology
- Sexual Assault Forensic Evidence (SAFE) procedures
- Crime & Mind

Mission Statement

“Our mission is to bring healthcare of international standards within the reach of every individual. We are committed to the achievement and maintenance of excellence in education, research and health care for the benefit of humanity”

Dr Prathap C Reddy
Founder Chairman
Apollo Hospitals Group

Theme
Integration & Innovation of Forensic Medicine & Toxicology

Venue
The Apollo Medical College (AIMSR)
Auditorium Complex,
Hyderabad

Date
Dear Friends
Greetings from The Apollo Medical College, Hyderabad!

On behalf of the organizing committee of FORENSIC MEDICON 2020, it is my privilege and honor to invite you to the 41st National Conference of Indian Academy of Forensic Medicine, being hosted by our institute on 30th, 31st January & 1st February 2020.

Hyderabad, a city famous for its multilingual culture and is the fastest growing city of our country in the newly formed Telangana State. The theme of the conference Innovation & Integration of Forensic Medicine & Toxicology will provide an opportunity to all the delegates to introspect and innovate methods to raise this subject to its utmost glory. As a wing of criminal justice system the subject's importance is now realized by the central government and hence incorporated as a clinical subject.

The city has many central government organizations like Central Detective Training School (CDTS), National Police Academy (NPA), Central Forensic Science laboratory (CFSL), Centre for Cellular & Molecular Biology (CCMB), Centre for DNA Fingerprinting & Diagnosis (CDFD), National Academy of Legal Studies and Research (NALSAR), which play an important role in administration of justice and eminent scientists & faculty from above organizations will share their knowledge & experience in their guest lectures.

Forensic Medicin 2020 will be an opportunity for the young generation forensic medicine experts to share the experience of their seniors in shaping the future of our subject and also for a better scientific approach in dealing with medicolegal cases. New horizons have to be created with the subjects of radiology, odontology, pathology, psychiatry, artificial intelligence etc; wherever medical knowledge helps in crime investigation.

Welcome to see you in the great city of pearls, minarets, gardens, lakes, Information Technology (IT) corridors & especially in the month of January & February, an opportunity to visit the All India Industrial Exhibition, i.e. Numaish which will be a memorable event.
